The *Silent Generation* wants to make a small tribute to the older LGBTBI people of Barcelona, known as the Generation of Silence because they had to live their sexuality secretly from their family, friends and work. They are people who have had exciting and difficult lives in equal parts. The documentary wants to collect the testimonies of the pioneer people of the LGBTBI movement, and also those anonymous, narrating in the first person facts that have marked their lives, such as religious education, Franco's repression, democracy, the first LGBTBI associations, AIDS or gay marriage.
