Correspondències is a six-episode documentary series created by Goroka for the Catalan Audiovisual Media Corporation which features different women reflecting, through video letters, on what it means to be a woman. Each episode consists of an intimate and personal audiovisual dialogue in which two women exchange audiovisual letters on themes such as; identity, having a career, maternity, desire, stereotypes, femininity and family. Each programme is different and unique, as they have been created using personal audiovisual material given to us by each of the protagonists, and multiple formats have been used; from Super 8 to videos recorded on their mobile phone.
