Lili has been in a stable relationship for about two years. Though everything seems to be working between her and her partner, there is an underlying unhappiness in her everyday life that keeps her from being happy. Outwardly, she has no excuse to justify this inability to move forward and be happy with David. This feeling is not new. So, she decides that before throwing it all away again, she will get to the bottom of things and find out what has led to this cyclic state. Lili seeks the help of the four men who have been important in her life, by interviewing them and asking the initial question: *What have we done wrong?*
