A group of 15 experts is sent to study a region where a supernatural phenomenon occurred fifteen years ago. The balance of the area was disturbed and the laws of physics and sound were altered, affecting gravity and human behaviour. Fifteen years later, analysts are still finding faults and worrying phenomena, making it harder for them to understand the risks in the area.

Lucrecia Martel directs a creative workshop with 45 cinema directors from 18 countries. She has set some creative rules, in order to create a collective film inspired by the Russian novel *Roadside Picnic* by Arkady and Boris Strugatsky.
